# NEURALLI™

No.1 Probiotic for  
Neurological Health

## What is Neuralli™ Light

Daily Support for Brain & Gut Health

Regulates mental health

Improves gut conditions

Improves quality of life in  
healthy adults

Upcoming Product Launch

## What is the Gut-brain Axis (GBA)?

The GBA is how the central nervous system and the microbiota and human cells in the gut communicate with one another. Signals travel bidirectionally via the vagus nerve and from gut to brain via blood-stream release of gut-derived neurotransmitters, cytokines, and bacterial metabolites. It is also how the gut can influence systemic immune responses, neurotransmitter levels, even the pathological development of neurodegenerative diseases.

## What is a Neurobiotic?

A neurobiotic is a probiotic that, when ingested in adequate amounts, produces a health benefit in patients suffering from a psychiatric illness. Neurobiotic may regulate neurotransmitters and proteins such as serotonin, dopamine, glutamate, and brain derived neurotrophic factor (BDNF), which play important roles in mood, cognitive function, and movement.

Neurobiotic

A novel approach to treating

# How does Neuralli™ Light work?

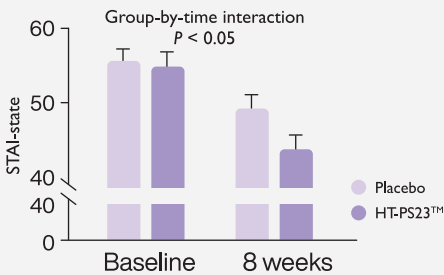

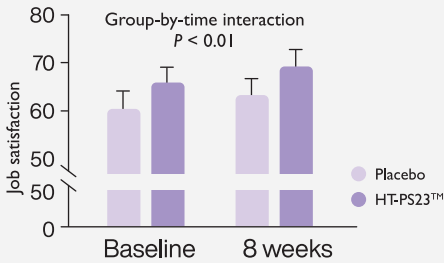

Neuralli™ Light works by empowering the gut microbiome to balance the health of both gut and brain. Its main ingredient, the neurobiotic strain HT-PS23™, is the key.

HT-PS23™ is clinically proven to lower cortisol levels in highly-stressed adults and reduce anxiety levels. HT-PS23™ is also beneficial in alleviating colonic inflammation in animal models.

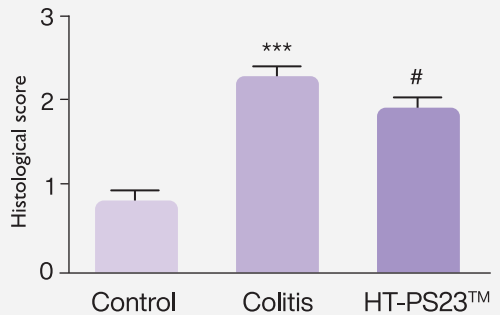

## HT-PS23™ Clinical and Scientific Data

Those taking HT-PS23™ showed a significant improvements in job satisfaction and anxiety state

Those taking HT-PS23™ showed a significant reduction in histological score of colitis

\* STAI scores have demonstrated a positive correlation with anxiety, stress, or hopelessness among healthcare workers.

\*\*\* $p < 0.001$  versus the Control group and # $p < 0.05$  versus the Colitis group.

The word “bened” is derived from the Latin root “benedicere”, which means “blessed” or “full of blessings”. The Bened Life team comes from all walks of life, united by a common mission to advance science, improve health, and build a sensory inclusive world.

One where we can thrive regardless of how we perceive or interact with the world. One where we can all truly live a “bened” life.

## — Neuralli™ Light —

A probiotic product suitable for everyone

Individual with  
low motivation

Individual experiencing  
mood swings

Individual prone  
to easy fatigue

Individual with  
imbalanced gut
